3.1. P434 will help any true believer who is faithfully attending a biblical church. However, our first priority is those who are members at Denver Reformed Church (DRC). P434 candidates from outside the DRC body will undergo a deeper level of evaluation and be required to submit references from the non-DRC candidate's local church leadership. Participants must have proven themselves faithful in Christian service to their local body through consistent tithing, deeds of service, persistent growth, and willful submission to their church and her leadership. *Diakonos* members of DRC will be considered for both loans and gifts. *Disciple* members and non-DRC members are only eligible for loans and must have a *diakonos* member as a sponsor. All those receiving financial assistance must be willing to submit to the oversight and direction of the DRC leadership/P434 leadership regarding their spending, budget or other financially related issues. Financial assistance will not be provided to those who refuse:

- financial assistance from family or extended family
- to pursue extra employment or better employment
- to use credit cards or line of credit
- to sell/liquidate items of value already in their possession
- to use of savings accounts, retirement accounts or other investment accounts
- to downsize in housing
- to forego spending money on recreation/entertainment/eating out/purchasing of gifts or any items not completely necessary for survival or employment

- to tithe no matter their financial situation
- to pay back all loans from the church
