

Following Christ Part 2

Following Christ requires that you daily submit every single area of your life (your mind or heart, your decisions and desires, your worries and cares, your past, present and future) to His Lordship (His Word, will and way) and justice (His penalty for sin), so that it will count for His Kingdom. Anything less than that is not following Christ according to how He defines it in (Mat 16:21-24, Luk 14:25-35, Luk 9:32 and 62) and will not only fail to be effective in dealing w/sin, but manifest itself in a lack of boldness, interest, passion or loyalty for Christ in comparison to other things (Mat 6:21; Exo 20:3; **Passion is what happens when you invest everything**).

What following Christ is *not*:

1. It is *not* _____.

2. It is *not* going to make _____ go away.

3. It is *not* separate from _____.
